

2022・2023年JMU掲載論文

No	Title	Authors	Article Type	Classifications	Volume	Issue	Publication Year	URL
1	Use of aortic point-of-care ultrasound in conventional and emergent echocardiography	Kazuhiro Nishigami	Special feature article	Vessels	49	4	2022	https://doi.org/10.1007/s10396-021-01151-w
2	Point-of-care ultrasound for stroke patients in the emergency room	Hidehiro Takekawa, Daisuke Tsukui, Saro Kobayasi, Keisuke Suzuki, Hirotoshi Hamaguchi	Special feature article	Vessels	49	4	2022	https://doi.org/10.1007/s10396-021-01185-0
3	Ultrasound diagnosis of carotid artery stenosis and occlusion	Hidehiro Takekawa, Daisuke Tsukui, Saro Kobayasi, Keisuke Suzuki, Hirotoshi Hamaguchi	Review Article	Vessels	49	4	2022	https://doi.org/10.1007/s10396-022-01259-7
4	Effectiveness of pulsatility index of carotid Doppler ultrasonography to predict cardiovascular events	Yasuhiro Hitomi, Nobuyuki Masaki, Yuki Ishinoda, Kazuki Kagami, Risako Yasuda, Takumi Toya, Takayuki Namba, Yuji Nagatomo, Bonpei Takase, Takeshi Adachi	Original Article	Vessels	49	1	2022	https://doi.org/10.1007/s10396-021-01164-5
5	Usefulness of carotid duplex ultrasonography in predicting residual large-vessel occlusions after intravenous recombinant tissue plasminogen activator therapy in patients with acute ischemic stroke	Kei Kaburagi	Original Article	Vessels	50	1	2023	https://doi.org/10.1007/s10396-022-01271-x
6	The significance of ultrasonic characteristics in adventitial cystic disease	Nozomi Kawanami, Tsuyoshi Yoshimuta, Takako Minami, Satoshi Ikeda, Hiroaki Kawano, Koji Maemura, Kivovuki Eishi	Image	Vessels	49	3	2022	https://doi.org/10.1007/s10396-022-01215-5
7	Intravascular solitary fibrous tumor of the cephalic vein: a case report	Megumi Yokoyama	Image	Vessels	50	4	2023	https://doi.org/10.1007/s10396-023-01340-9
